

Dear Team Snowtrax Member

As you are aware we have made a significant investment in new matting on the main ski slope. I trust you have all been enjoying the new surface.

I hope you understand that with such an investment we have had to make some changes to our price structure, which will take affect from 1st February. We have held the prices for each session, but will require all Team Snowtrax members to purchase a Lift Pass to access the discounted rate, currently offered to all Team Snowtrax members.

By purchasing a lift pass this will also give you access to other additional discounts at the centre:

- Free unlimited use of the slope for recreational skiing / snowboarding
- 50% off coached sessions (including Race Training)
- 25% off lessons
- 10% off in our ski & snowboard store
- Personal VIP invitations to special events

For those of you who do not wish to purchase a lift pass then the Race Training sessions will be priced at the full rate:

- Adult £13.30 (£6.65 for lift pass holders)
- U16 £11.30 (£5.65 for lift pass holders)

As a concession for all Team Snowtrax Members we will reduce the rate of a lift pass by £30 per person to reflect the fees you pay directly to the club.

The current lift pass prices are as follows for Team Snowtrax Members (this includes the £30 discount):

- Adult Annual Pass £220
- U16 Annual Pass £180
- Family Annual Pass (2 Adults + 1 Child) £539 + £69 per additional child

For an U16 the cost of a pass is approx £3.50 / week, combined with the additional perks a lift pass brings. We feel this is very good value, especially when compared with other ski slopes. I would also like to make you aware that 20% of the fees you pay for each Race Training session go directly back to the club.

I look forward to seeing you all at the centre soon & wish you well on the up & coming race days.

Kind Regards

Nick Warne
